Wireless ANC headphones

Made to outperform.

Experience exceptional sound clarity with high-performance 50 mm drivers and the advanced Texas Instruments OPA1622 SoundPlus™ amplifier. With ultra-low Total Harmonic Distortion plus Noise (THD+N) and bipolar inputs, this combination delivers crystal-clear highs, deep controlled bass, and a rich, immersive sound-stage. Every element is crafted using premium-grade components to ensure pure, true-to-source audio reproduction - exactly as the artist intended.

Adaptive Noise Cancellation.

Immerse yourself in pure sound with cutting-edge Adaptive Noise Cancellation. ANC continuously analyses your surroundings and adjusts in real-time for optimal quiet - whether you're commuting, working, or flying. The headphones intelligently detect when someone speaks directly to you and automatically balances noise cancellation and transparency, so you never miss a moment that matters.

Support of major audio technologies.

Loewe leo supports the latest LC3plus audio codec for all major sound-quality standards, like wired and wireless Hi-Res Audio, as well as Dolby Atmos—including Spatial Audio. It also features Mimi Hearing Technologies' Sound Personalization for Headphones to adapt audio to your personal hearing profile. Additionally, it is Apple MFi certified for seamless compatibility. Bluetooth LE Audio protocols ensure both extended playback time and high-quality sound over distances up to 10 meters.

Bluetooth with BLE and multi device.

Stay connected with Bluetooth Low Energy (BLE) Audio for quicker pairing, low power consumption, and high transmission stability. Effortlessly switch between your smartphone, tablet, and laptop with multi-device support - ensuring a smooth and continuous listening experience across all your devices.

Designed for highest wearing comfort.

Crafted for extended wearing duration, Loewe leo headphones ensure lightweight feel with memory foam ear cushions and an ergonomic shape that fits perfectly to your head. Premium materials and thoughtful design ensure maximum comfort, no matter how long your listening sessions last.

Advanced AI features.

Loewe leo brings powerful AI-driven features to your everyday life. A built-in voice assistant helps you manage tasks, get updates, and stay connected — hands-free. Combined with real-time translation, it creates a smart audio companion that supports you throughout your day, both in sound and function. Enabled by Bragi with OpenAI.

Loewe leo

Wireless ANC headphones

Real-time translation.

Break language barriers with real-time voice translation directly through your headphones. Instantly understand multiple languages - perfect for travel, meetings, or everyday conversations. Fast, intuitive, and built to adapt to your needs, it's like having a personal interpreter with you at all times. Enabled by Bragi with OpenAI.

Intuitive user interface.

Navigate your sound experience with precision and ease. The intuitive user interface features two finely crafted control wheels and dedicated action buttons, giving you instant access to volume, playback, and other key functions - without ever breaking your flow. The interface is thoughtfully designed for smooth, intuitive operation at your finger tips.

Sustainable design. Built to last.

Loewe leo is designed with sustainability at its core. The modular structure ensures users can replace or upgrade components like the battery, which has a long lasting play time of up to 65 hours, the magnetic cushions or the headband, significantly reducing electronic waste. Durable materials such as anodized aluminium and genuine leather enhance longevity, while a service deck simplifies maintenance, aligning with Loewe's commitment to creating lasting, repairable products.

Real materials.

From the moment they're worn, Loewe leo envelops all users in a luxurious experience. The lightweight yet robust materials deliver all-day comfort without compromising on quality or durability. From durable anodised aluminium to soft genuine leather, every detail is carefully crafted to deliver a refined and premium listening experience. The intuitive dual-dial system ensures seamless operations.

Individual customisation.

Make Loewe leo truly yours with accessory kits in three colour options. Easily swap the magnetic ear and head band cushions - crafted from durable, genuine leather with unique texture and grain. Fine-tune your audio settings and personal preferences through the Loewe leo app for a fully tailored experience. Enhance the possibilities of your headphones through the audio app store.

Built-in personal assistant.

Manage your day effortlessly with the integrated AI-powered personal assistant. From setting reminders and sending messages to checking the weather and getting real-time updates, your headphones become your smart daily companion. Always ready with a voice command, it brings convenience and control to every moment. Enabled by Bragi with OpenAI.
